

CTC

Companion Therapy
COMPACT
therapy laser

power meets convenience

LiteCure® introduces the first truly portable Class IV laser to the veterinary market

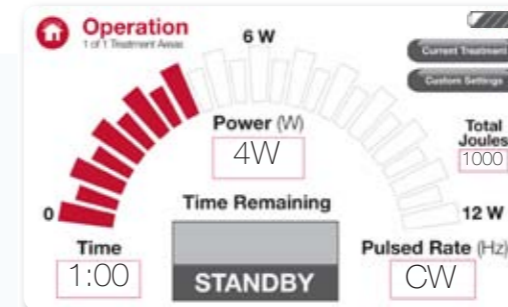

The Companion Therapy Compact

power meets convenience

Treatments are condition-specific and defined by animal type, weight, coat color, skin color, body type and hair length.

Protocols designed by laser therapy experts are pre-set and ready to administer. Dosages and wavelengths are set for optimal penetration to assure positive outcomes.

The new CTC features innovative Smart Coat™ Plus technology. This pioneering software automatically custom-tailors appropriate doses by taking into account your patient's:

- Body Type
- Coat Length
- Coat Color
- Skin Color

Select Patient Characteristics			
Body Type	Coat Length	Coat Color	Skin Color
Thin <input type="checkbox"/>	Short <input type="checkbox"/>	Light <input type="checkbox"/>	Light <input type="checkbox"/>
Average <input type="checkbox"/>	Medium <input type="checkbox"/>	Medium <input type="checkbox"/>	Medium <input type="checkbox"/>
Overweight <input type="checkbox"/>	Long <input type="checkbox"/>	Dark <input type="checkbox"/>	Dark <input type="checkbox"/>

4 Interchangeable, application-specific hand piece heads.

This comprehensive patient characteristic consideration results in customized protocols designed specifically to meet the needs of each individual patient.

Speed Healing. Reduce Pain.

convenient shoulder pouch available; long life battery pack ensures quality care is available everywhere

Easy

intuitive touch screen interface quickly guides you and produces consistent results

Smart

Smart Coat™ Plus technology and the industry's largest protocol library enable unparalleled care

CTC Specifications

Power: 12W
Weight: <8 lbs.

Companion Therapy Lasers are used by more veterinarians than any other therapeutic laser; the Companion Therapy Laser is the most effective laser in the veterinary market today. Designed exclusively for veterinary practices, the Companion Therapy Laser provides optimal care and enhanced clinical outcomes.

LiteCure®, combining science, technology and education, to increase the quality of Veterinary care.

Building upon Companion Therapy's industry-leading technology, the CTC system is veterinary medicine's smallest comprehensive therapy laser system. Incorporating revolutionary Smart Coat™ Plus technology to improve clinical outcomes and consistency of care, this most-advanced therapeutic modality is designed for ease-of-use.

Unleash your practice's potential with the science-supported, easy-to-integrate **CTC** system.

As with all Companion Therapy Laser® products, the CTC provides laser therapy solutions for everyday disorders and offers:

The Industry's Only

patented massage ball hand piece

Clinical Support

industry's only laser therapy specific published materials

Accessible Training

in-office and on-line training available

Marketing Support

marketing support and client education materials

Customer Care

unprecedented customer care
